## CLOTHING.

We have exclusive sale of the "High Art Clothing," which is conceded by all to be the finest fitting ready to wear clothing under the sun. Others may approach and attempt to copy their designs and shapes but none have ever reached that point of perfection of fit. Our Long and Slim and Stout garments have only one competitor and that is the Merchant Tailor with his exorbitant prices. Our Double Breasted square cut cheviot business suits are as chic and nobby looking as can be. We make a specialty of clerical cut suits.

We make all wool cassimere pants to order at \$3.00 and up.

## FURNISHINGS.

We have always taken pride in selling Furnishings under price. We have more of them at these kind of figures this season than ever before. Our purchases in this department include an immense lot of suit and damaged over shirts, cotton and wool half price. Big lot of heavy woolen emerald hair undershirts and drawers and a quantity of new all wool socks, besides many others bought at prices much under regular.

Large stock of Fish, Clark & Flegg's neckwear, showing their latest shapes just received.

## HATS.

We are sole agents for the celebrated Dunlop Hats. The new fall shape is the prettiest hat gotten out for years. We show a line of fine fur Derby at \$1.50 and up that are unsurpassed in style and quality.

Beautiful line of little folk head gear.

## AMMOON GENERAL OFFER.

Recognizing the benefit accruing to the firm that sells the first new, nobby, good fitting suits or overcoats at the opening of the season, we have decided to make the most liberal proposition to early buyers that has ever been made. Beginning

You ask how we can afford to do such a thing. It is perfectly plain and easy when you understand it. It is just so much for so much. Every purchaser of a "High Art" suit or overcoat becomes, willingly or unwillingly, a walking advertisement for us. Your silent, finely fitted form sends us customer after customer, and that is the way we get our money back.

## J. H. Anderson & Co.

We move into our new building about Nov. 1 to 15.

## BOOTS AND SHOES.

We have so many good things in this department that we can't begin to tell about all of them. The most gratifying part of the success of our shoe business has been the favorable way in which our customers have taken to our own special brands. The records of the sales of some of these goods would hardly be credited. We have improved every line this season and the prices remain the same. If you have not already done so try one pair of our

## WHO PAYS THE TAX?

A Washington Post-Letterman's report on the

Foreigner Pays the Tax.

There is a street car driver in Wash-

ington named Mike Brown. He is a

native of Ireland and has been in this

country about a year. He is a pretty

naïve fellow, a close reader of the

newspapers and a careful observer of

everything that is going on. During the

past year Mike has been paying a

fixed deal of attention to the tariff ques-

tion and has been led away by the

theory of the Republicans that protection

was a good thing for the poor man

and had to keep up wages. An in-

cident occurred within the past week or

ten days that has made Mike somewhat

apprehensive. He had been told, by the

Republicans, of course, and by McKinley

in particular, that the tariff was the

best thing for the poor man. McKinley said as

his Minnesota speech and Mike believed

him at the time. About ten days
